

# BOOKS & BOOKS

## Coral Gables

**FRIDAY, JANUARY 17th, 7:00PM**  
**265 ARAGON AVENUE, CORAL GABLES**

*Please join Alan Greer for a 7PM reception and 8PM discussion and reading of his new book God Is for a journey through time, history, science, and human nature exploring the facts that demonstrate God's existence and what our relationship to God and each other is and ought to be as opposed to what demanders, doubters, and deniers say it is. This is a book that bridges the divides between all of these as well as between science and religion.*
